Re: COVID-19 Case Update

---

**1 associate and 2 residents have tested positive for COVID19 in the past week.**

We continue to monitor all residents and staff for COVID related symptoms and the following action items remain in place:

- Contact tracing and testing with residents and associates conducted per regulatory guidelines;
- Employing the use of personal protective equipment, face masks, hand hygiene, and social distancing as indicated;
- Screening residents, associates, and essential visitors/vendors for symptoms and exposure to COVID-19;
- Weekly updates are provided to residents, families, and associates until we are free of new cases for fourteen (14) days.

We thank you for your compliance with all of our rules designed to keep our residents, families, associates, and vendors as safe as possible.

Please continue to monitor our website at [www.thewesleycommunities.com/news/covid-19/](http://www.thewesleycommunities.com/news/covid-19/) for further updates.
